

equity management the art pdf

In accounting, equity (or owner's equity) is the difference between the value of the assets and the value of the liabilities of something owned. It is governed by the following equation:

Equity (finance) - Wikipedia

Summa Equity was founded in 2016 by an experienced group of people that have a long track record from investing in successful companies. The group was brought together by a shared view of the world and the economy, and a passion for developing companies that can outperform through providing products and services needed to meet the increasing ...

Summa Equity â€“ Creating future-proof superior returns

The stock (also capital stock) of a corporation is constituted of the equity stock of its owners. A single share of the stock represents fractional ownership of the corporation in proportion to the total number of shares.

Stock - Wikipedia

The expense ratios of the funds, both with and without any waivers and expense limitations, are as set forth above. The waivers and expense limitations are voluntary and may be modified or terminated at any time at the option of the Investment Adviser.
