One of the most critical skills that occupational therapists must learn is effective documentation. With that idea in mind, Documentation Manual for Occupational Therapy: Writing SOAP Notes, Fourth Edition presents a systematic approach to a standard form of health care documentation: the SOAP note. The clinical reasoning skills underlying SOAP note documentation can be adapted to fit the ...

Chiropractic is a form of alternative medicine mostly concerned with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. Some proponents, especially those in the field's early history, have claimed that vertebral subluxation in the spine affect general health via the nervous system, claims which are demonstrably false.
