

medical surgical nursing assessment pdf

Nursing assessment is the gathering of information about a patient's physiological, psychological, sociological, and spiritual status by a licensed Registered Nurse. Nursing assessment is the first step in the nursing process.

Nursing assessment - Wikipedia

Florence Nightingale laid the foundations of professional nursing after the Crimean War. Her Notes on Nursing (1859) became popular. The Nightingale model of professional education, having set up the first school of nursing that is connected to a continuously operating hospital and medical school, spread widely in Europe and North America after ...
