

nutraceuticals and functional foods pdf

1. Fellows of ISNFF (FISNFF) to be inducted The first group of experts in the functional foods and nutraceuticals will be recognized by ISNFF as fellows.

Welcome to ISNFF website

A functional food is a food given an additional function (often one related to health-promotion or disease prevention) by adding new ingredients or more of existing ingredients. The term may also apply to traits purposely bred into existing edible plants, such as purple or gold potatoes having enriched anthocyanin or carotenoid contents, respectively. ...
