PIP Overview American Society for Quality Design and Construction Division September 2005 PIP Working in Harmony Objectives Broaden understanding of PIP initiative.

Process Industry Practices - The Global Voice of Quality | ASQ

Automatic process control in continuous production processes is a combination of control engineering and chemical engineering disciplines that uses industrial control systems to achieve a production level of consistency, economy and safety which could not be achieved purely by human manual control. It is implemented widely in industries such as oil refining, pulp and paper manufacturing ...
