What to do with a sangria'd Saturday night starting to cool after a long brain baked day of heat and chemical text transmogrifications? That was the question in my mind when the words came over the skypewire asking me to deal once again with the oh so important question of how machine translation advances transform our profession, like blacksmiths of old Ms. Kelley tells us we wait on the ...

Transcreation is a term used chiefly by advertising and marketing professionals to refer to the process of adapting a message from one language to another, while maintaining its intent, style, tone and context. A successfully transcreated message evokes the same emotions and carries the same implications in the target language as it does in the source language.
